North Tyneside Classified Roads – Published June 2017

- The list has been prepared using the available information from records compiled by North Tyneside Council and is correct to the best of our knowledge. It does not, however, constitute a definitive statement as to the status of any particular highway.
- This is not a comprehensive list of the entire highway network in North Tyneside although the majority of streets are included for information purposes.
- The extent of the highway maintainable at public expense is not available on the list and can only be determined through the search process.
- The List of Streets is a live record and is constantly being amended and updated. We update and republish it every three months.
- The list does not contain Recorded Public Rights of Way, nor does it contain streets that are privately maintained.
- The list is property of North Tyneside Council and is only available to the public for viewing purposes and must not be copied or distributed.
